Does your whare need some color?

Do you want your whare to shout out, this is me?

Haven't you always wanted to knock that wall out?

Well, Turou Hawaiki is here to help you renovate, re-imagine, re-engage and “P.I.M.P. My Whare.”

To fit with the theme of Cutting Edge, Turou Hawaiki is here to take the model of Te Whare Tapa Wha (M. Durie), and encourage the health workforce to re-engage with this model, by bringing your own flavor, unique skills and passion to ultimately improve engagement and health outcomes for our people.

Join Aaryn and Kahurangi on a whirlwind adventure, where their kurahuna (hidden treasures) will be used to explore unique ways to engage our whanau, in a whare designed by you. Using play, dance, acting, singing, sculpting, music, art, storytelling, mindfulness and laughter we hope to inspire you to design, create and have a grand opening for your re-furbished whare.

“Ko Te Whare Tapa Wha ki muri, ko nga kurahuna ki mua,” – “When Te Whare Tapa Wha has your back, your treasures can be revealed.”
